No, you don't have to be German or of German descent, speaking the language is encouraged but not mandatory. Anyone who enjoys our traditions and shares the club's motto is eligible for membership at the referral of a sponsor who's an active member in good standing.

We encourage you to attend one of our functions and let it be known that you are interested in becoming a member.

All members are encouraged to volunteer some of their time and /or talents to assist in making our club fun and successful.
